SCHOOL INSTITUTE TO BE SEPTEMBER EVENT

Partial Arfangements Completed for Tri-District Affair

INSTRUCTORS NAMED

Secretary of Institute Committee to Employ Noted Sehool Men of State

Preparations have been started for holding a tri-district school institute in Charleroi the first week of September. At a meeting of Superintendents Thomas L. Pollock of Charleroi, R. G. Dean of Monongahela and Edward Reed of Donora, held in Monongahela Tuesday evening plans for the affair were gone over. The three schools are to combine efforts to make the institute an event of unusual significance. All the school boards have not acted officially in favor of the institute as yet but committees from each composing a committee of the whole has been working hand in hand with the superintendents, so that official action will be more or less of a form.

An excellent list of instructors has been suggested and the secretary of the superintendents' organization, R. G. Dean, has been instructed to write to them and employ them. They were named with the understanding that they could come.

Of the list are Mrs. Van Stone Harris, primary teacher in the Pittsburg schools, Mrs. Carmalt of the University of Pittsburg; Mrs. Mary G. Noss of the California Normal; Robert Armstrong and Prof. Colestock of Bucknell University, and J. George Becht, secretary of the State Board of Education.

The institute will be held at the new school building providing the structure is in shape by the first of September. If it is not finished other provisions will have to be made.

At least 150 teachers will be brought to Charleroi by the institute. It is not a part of the present plan to have any evening entertainments, and there will be only one evening meeting during the week. Next year perhaps after the intsitute has become a fixed institution evening features may be added.

The superintendents have organized themselves into a body to be known as "Tri-District Institute," with Prof. Thomas L. Pollock of Charleroi president, Prof. R. G. Dean of Monongahela, secretary and Prof. Reed, treasurer. The committee of superintendents consists of Joseph Herron of Monongahela, president; J. M. Hill of Charleroi, secretary; H. J. Booth and Dr F. C. Stahlman, Charleroi; Dr. W. H. Cowan and Prof. Reed, Donora and Dr. H. T. Graves, Monongahela.

Police Lock Up Ten Wearies the List Including Some Strangers

Even the most experienced and the tirdest of the Weary Willie class likes baseball, it seems and that is said to be the reason why this morning a count of noses revealed the presence of ten of this generality in the borough bastile. There were home-grown varieties and non-domestics. All had picturesques growths of spinach in various states of cultivation on various styles of chin From the general appearance vegetables could have been grown on any part of the surface of skin or clothing. It is told that the bewhiskered gentry from anywhere or nowhere came in to witness the training of the Indianapolis champs. The locals, however, were on their regular jingle when they were captured.

FIRST GAME BY INDIANAPOLIS TEAM TODAY

Toady Manager Bill Phillips has his Indianapolis Federals engaged in a regular and yanigan game at the ball ground, as a part of training tactics. This is the first game that has been started since the team began training.

This morning after the grounds had been scraped and put in good shape, the team was set to the hardest kind of work. The bases were occupied, outer gardeners were stationed at their usual places. Pitchers exchanged places in the box and with a catcher behind the bat, batting practice was engaged in. Phillips directed the work from the umpire's position behind the pitcher. The first man to work in the pitcher's box was Ben Taylor, the ex-Indianapolis Association tosser. Reis was next on the firing line and dished up good ones. Batters were exercised on hitting to the outfield and on bunting, and attention was given to place hits.

From the form shown at the bat this morning it rather looks as though Phillips was going to have a heavy hitting club. Fielders have produced the goods in practice so that an evenly balanced team is the result. His pitching corps is complete and then some. Beebe, Reis, Taylor Billiard and Bair will probably be five of those retained. Alcock is showing fine form at third base. Last year he played with Canton in the Central league having been let out by the Indianapolis American Association club after a month's work.

New Order is Active.

Magic City Conclave No. 1135, Improved Order Heptasophs, meets in Labor Temple tomorriw night. A class of 20 candidates will be admitted and action taken upon a local relief fund, degree team and baseball team.

EXPECT BIG CROWD FOR BENEFIT GAME

Indianapolis - Federals and Charleroi Independents to Play Tomorrow Afternoon for Charleroi Playgrounds

Since they were put on sale the first part of thi sweek there has been a constant demand for tickets to the baseball game to be played tomorrow afternoon between the Indianapolis Federals and the Charlroi Independents. Not only in Charleroi but in surrounding towns are people anxious to witness the attraction, the indications being that there will be a big crowd on hands.

Both Manager Mathers of the Charleroi Independents and Manager Bill Phillips of the Indianapolis team will present their strongest lineups. The Independents will have their regular team on the field. The game will be considerable of a test of strength for the Independents, as well as for the Indianapolis lads.

The struggle will begin at 4 o'clock. This will give the Indianapolis men a chance to get in most of their regular afternoon's training work. J. W. Mathias will likely be the umpire.

All the funds secured from the benefit attraction will be devoted to the playgrounds. It is probable that other benefits will be held this summer. The intention is to operate the playgrounds on a similar scale to that of last year.

For tomorrow's game the following probable lineups have been furnished by the two managers:

Indianapolis—Massing, catcher; Reiss or Taylor, pitcher; Tiemyer, first base; Vandagraft, second base; Scott, short stop; Alcock, third base; outfielders, Miller, Brown, Kaiser, Beswick.

Charleroi—Guder, or Friese, catchers; Ryan, Briggs, or Price, pitchers; Kuhn, shortstop; Wilson, first base; Urben, second base; Roll, third base; Carroll, left field; Mathers, middle field; Miller or Guder, right field.

HOUSE PASSES LAST BIG REFORM BILLS

Corrupt Practices Act and Non-Partisian Ballot Go Through--Senate Still Remains Reactionary

Harrisburg, April 30—Practically without opposition the corrupt practices and the non-partisan ballot bills passed the house on third reading. These are the last of the progressive measures pledged by all parties, and the house has kept faith with the people in redeeming the pledges of the parties they represent. The bills are now passed up to the senate, which is holding up all the other progressive bills in an effort to subvert the will of the people.

All the election laws bills designed to prevent corruption and bossism are now with the senate. These are the state-wide primaries act, the bill abolishing the assistance of voters except where actual physical disability is shown, and a series of measures increasing the penalties for ballot-box stuffing, falsifying returns and other crimes against the ballot.

The senate, however, is doing what it can, apparently, to hold these bills off, as by their passage it will be virtually impossible to continue machine control of the politics of the state. Instead of reporting these bills out, Senator McNichol of Philadelphia has reported out some bills of the machine type, which are designed to restore boss control. One of these is an amendment to the present primary law, which will enable a voter to have a ballot handed out to him to take outside and mark or have the ward heeler mark it for him.

Under the present secret manner of voting at the primary the political boss cannot deliver the goods, and the so-called envelope system of McNichol's bill is designed to restore the machine control whereby voters can be lined up and their ballots marked for them at the polls. It is a most flagrant attempt to revert to the political corruption that prevailed before the uniform primary law was passed.

The final hearing upon the public utilities commission bill took place before the senate committee, Tuesday night. Mayor Magee of Pittsburg and a delegation appeared and filed objections against certain provisions of the bill, claiming it favored the corporations rather than the people. A hot debate followed, and it is probable that amendments may be made before the bills finally passed. Representatives of several corporations were also present.

The bill to compel saloons to close on Christmas, Memorial Day and Thanksgiving was defeated in the house.

Motion Picture Men Secure Pictures of School--Take Firemen Tonight

Harry Louttit and R. Taylor, composing the Monongahela Film Manufacturing Co., of Monongahela are here todoy taking moving pictures to be used by the Hatch Carnival company in their show to be held a week beginning May 12 at North Charleroi.

The most important picture taken this morning was at the Ninth street school, where the children were taken as they marched from the building.

This afternoon at 5 o'clock the Charleroi Volunteer Fire Department with Chief J. M. Fleming at the head will go through some of their fire drills and moving pictures will be taken of them. All who line up along the scene of the drill are likely to get taken in the pictures.

Now is the time to start your children in piano study. Summer term opens May 1. Phone 109-A or drop a postal and I will call. Howard S. Mills, Lock No. 4, Pa. 237-t2p

BODIES BURIED TODAY

Last of Mine Victims Funerals Occur at Monongahela

TWO NOT IDENTIFIED

All bodies of victims of the Cincinnati mine explosion have been removed from the Bebout and Yohe morgue at Monongahela and this morning the last funerals were held. All but two of the 96 bodies recovered had been identified, but there were three of the identified ones that were not claimed. With the two unidentified, they were interred this morning at Monongahela.

Nothing definite is to be learned as to the date of the coroner's inquest but there is a belief that it will be held on next Monday. The Eagles' Hall at Monongahela, the largest in the city has been hired for the occasion and the inquest will be public. A member of the coroner's jury said this morning that all who knew anything at all of the disaster or the causes leading up to it were wanted to testify. A large number of witnesses names have been secured.

Twelve foreigners and one negro said to have been in the mine at the time of the explosion are unaccounted for. It is expected that their bodies will be recovered under falls or in abandoned entries. H. T. Holmes of Finleyville is the colored man claimed to be missing.

The names of five missing foreigners were given the coroner. They are: George D. Dorcesrf, Joseph F. Tentunrklossy, John Taczkamuclo, Farmarto Buncemso and Martin Orler all of Courtney. The other seven are known, but their names have not been handed to the coroner.

A movement has been started at Monongahela to secure a Carnegie Hero medal for Charles Crall, who succeeded in keeping alive Philip Legler. Crall and Legler were the two men who were rescued after 52 hours alive.

Inspections of the mine are said not to be ended. Coroner Heffran's party went through Tuesday and it was the intention of the same number to enter again today.

PALACE HAS FINE FOUR REEL FEATURE

"On the Steps of the Throne," is an extraordinary four-reel feature that will be presented at the Palace Theatre tonight. It is produced by the European Feature Film corporation, the same people that produced "The Priconer of Zenda." It tells a dramatic story of an intrugue with a kingdom for a prize. Like "The Prisoner of Zenda," the scenes aer laid in any one a number of the small kingdoms of Europe, where political intrigue figures continually. A regent of the kingdom plots to have the prince marry his daughter, and thus place himself in virtual power of the government. The prince loves a beautiful princess of an adjoining kingdom and a plot to remove the prince and substitute a double all but succeeds. There are some most thrilling situations, and the prince finally escapes and foils the conspirators. Vaudeville opens at the Coyle tomorrow.

SEVERAL BITTEN BY DOG

Tremont and Bell Vernon People Tell Tale of Maddog

FINALLY KILL ANIMAL

What is claimed to have been a mad dog terrorized the vicinity of the Tremont mines and Belle Vernon this morning. Before it had finally been killed by William Krepps, a conductor of the Webster, Monessen, Belle Vernon and Fayette City Electric Street Railways line, it had bitten several people.

The first notice was taken of the dog when it appeared along the road at Tremont, a small mining hamlet. It snapped at several children and it is asserted nipped the flesh of some, then trotted on towards Belle Vernon. At Belle Vernon the dog hurried through streets snapping at whoever got in its path.

The animal passed down the street car line to the farm of John Irons, where a Belle Vernon policeman crippled it. Krepps got off his car and with a switch iron killed the maddened canine. The head of the dog was severed and will be sent away for an examination.

PENSION BILL FOR MOTHERS MADE LAW

Governor Tener has approved the Sheatz bill, providing for county systems of mothers' pensions under the administration of a commission of from five to seven women to be named by the Governor for each county desiring to avail itself of the provisions of the law. The trustees are to investigate all cases and may recommend payment to any abandoned mother or widow who is unable to maintain her children at home.

Payments are to be made monthly and the combined minimum payment shall not exceed $14 per month for one child, $20 a month for two children, $25 per month for three children and $5 per month for three children and $5 per month for each additional child. The bill carries an apporpriation of $200,000 to be apportioned among counties according to population.

WEDDING ENDS A THREE-DAY COURTSHIP

The three-day courtship of Miss Nora Honecker of St. Clairsville, O., and Frank Ferdericks, who was employed as an engineer at the Charleroi Coal mine, was ended on Monday by marriage. Fredericks was employed at St. Clairsville. Miss Honecker and another girl of her acquaintance on a sight-seeing trip wandered to the mine opening where Fredericks was working. He asked them to move away from the vicinity where he was working. Within a few hours he was introduced to the girl. The wedding followed.

WHO RULES?

In the face of the growing dissatismaction with ouh representative form of government, a striking example of its weakness is presented by the action of the state senate at Harrisburg. There a controlling faction of the senate, which was presumably elected to carry out the will of the people, is doing what it can to subvert that will. The senate indicates by its action that it knows better what the people ought to have than they do themselves. As a matter of fact the senate is endeavoring to uphold special privileges which certain interests enjoy at the expense of the people.

This action of the senate most effectually explodes the theory that the people rule by electing representatives to carry out their desires in the legislatures and in congress. This is the stock argument of the reactionaries in opposition to a change of constitution that will give the people more direct rule in the government which concerns them vitally. These tories say that it is the people's fault if men are elected who do not carry out the wil lof the people. This is not true, as all the senators elected last fall were pledged by their respective parties and some of them personally in writing to vote for certain progressive measures, yet some of them went square back on these pledges and party obligations. They betrayed both party and constituents. With no recall they are definant, and say to the public, in effect, thatt hey propose to ignore all representative obligations and only serve special and personal interests.

It is most forcibly demonstrated that the people do not and cannot rule under the present state constitution. While the senate can subvert the popular will at the present time, it is only hastening the day when a new constitution will give the people direct rule with the power to recall recreant employes. We do not need a senate in the law making machinery of the commonwealth.

THE NEW RELIGION.

Just as orthodox religion teaches us that our soul's salvation is worth infinitely more than worldy riches, so is the new social code of ethics teching that human life and well being must supersede vested interests and special privilege. The great social movement that government is for the people and not the people for the government and that the welfare of the people is a primary and not a secondary consideration, is on, and is sweeping the civilized world.

This was most forcibly demonstrated in Belgium recently when 500,000 working men ceased work and refused to return until granted the manhood suffrage they demanded, and which special privileges and vested interests denied them. Their action stopped the wheels of industry and clearly demonstrated that they were "the state," and not the governmental machinery. This shows that the people can get whatever they want, and that special privilege, which has long dominated every form of government, must give way to the welfare of the masses. The old order is changing and the new religion of humanity is being rapidly installed where it hitherto had no place.

MONONGAHELA COUPLE WEDDED AT CUMBERLAND

Frederick C. Wilson, foreman at the Republican office at Monongahela and Miss Blanche Hobaugh, an employe of the same office, quietly departed for Cumberland, Mdd., where they were married shortly after noon Tuesday. The marriage came as a complete surprise and the first hint of a romance came when the young people failed to report for work. Inquiry brought word of the Maryland trip. Mr. Wilson is a son of Mr. and Mrs. James Wilson, of Anton street, Monongahela, while the bride is a daughter of Mr. and Mrs. John Hobaugh of the First ward Mr. and Mrs. Wilson will return to live with the bridegroom's parents.

PICKED UP IN PASSING

J. Stanley Roberts, advance agent of the J. Frank Hatch Shows, which will open for a weeks' engagement at North Charleroi May 12, who was in town the fore part of the week, stated that the organization of a wild west outfit is beset with innumerable difficulties. One of the most difficult propositions is the employment of Indiana from the reservations of the west, as these are wards of the government and many yards of red tape have to be unwound at the national capital before these necessary adjuncts can be secured.

"We had a man in Washington six weeks before he completed arrangements whereby we could secure the services of 18 real Indians from off reservations in North Dakota and near the Canadian border," said Mr. Stanley. "Our company is obliged to give heavy bonds to the government for the safe keeping of the Indians, and to pay their carfare and expenses back to their home, no matter where we may be when the show disbands for the season.

"We have some agents now on the way from the west with a carload of Indian ponies, and we hope a buffalo or two, for our wild west outfit. The Hatch Shows are not conducted on the old carnival lines, but travels entirely on its merits as a legitimate attraction. The management does not permit any questionable or suggestive features that appeal to the baser instincts, but conducts everything as cleanly as a first-class circus. It pays the show business, like everything else, to be clean morally and respectable, and to cater to the best people."

Speaking of the new feature, that of making moving picture films of local subjects where they exhibit. Mr. Stanley said:

"This is an entirely new feature with traveling shows, and is an experiment. We tried it at Pittsburg where we opened, and it was an unqualified success. Folks do like to see themselves in a moving picture. We pay our operator, the man who takes the pictures for the films, $100 a week. He was at work today taking views of the schools and various business places. After the negatives are taken they are sent away and developed into films. We expect to have 1,100 feet of Charleroi and North Charleroi films, which cost 30 cents a foot to produce. The pictures of the Charleroi fire department will be taken at 5 o'clock tonight, and any persons who line up along the walk are likely to see themselves in moving pictures."

"The Kayser" SILK Glove

is the World's standard silk glove—all other silk gloves are measured by the "KAYSER" standard.

The development of the "KAYSER" Silk Glove represents the attainment of an ideal, the achievement of which has not been hampered by restrictions of cost or time, nor influenced by a passing demand for features most aptly characterized as "talking points."

We could not afford to buy expensive advertising space "year after year," to tell the women of America that "KAYSER" Gloves are the best—in style, fit and finish—if it were not true.

"KAYSER" gloves "cost no more" than the ordinary kind—and are worth double in quality, fit and value. Don't accept the "just as good" kind, there's a way to tell the genuine—"Look in the Hem"—if you find the name "KAYSER"—you have the kind that "don't wear out" at the finger ends.

Recovered From Severe Lung Trouble

While we all know that plenty of fresh air and good food are necessary to persons suffering from lung trouble, something more is needed to bring about full health. Eckman's Alterative is a medicine for throat and lung troubles, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefiting otherwise, should, at least investigate what it has done for others. It may be the means of restoring you to health. Investigate this case:—

Madison Lake, Minn.

"Gentlemen: In December, 1908, and March, 1909, I was taken with hemorrhages of the lungs, which confined me several weeks each time to my bed. These left me very weak and I coughed at nights and could not sleep. My appetite also failed me. My doctor advised me to go West. So, in September, 1909, I planned to go, but I had four more hemorrhages, which put me in bed for three weeks.

"In November I started for Denver, Col. After my arrival, I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alterative. In about two months, I began to feel better. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alterative for my health. If I can help any other person suffering from Tuberculosis, I will gladly do so."

(Sworn affidavit) PAUL L. FASNACHT.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

"TIGRIS" TO BE SHOWN AT COYLE THEATRE

What is said to be the greatest detective play ever written will be shown at the Coyle Theatre tonight. This is the four-part mystery spectacle of "Tigris," a master cracksman, who has a double nature, and is at once an upright citizen and dater a desperate and daring criminal. There are daring crimes, desperate fights and hairbreadth escapes. One of the most marvelous scenes is what a detective fancies he sees after being drugged dwith wine. Tomorrow the Coyle presents "Bedford's Hope," in three parts and on Friday "The Black Chancellor," in three parts.

The Real Thing.

"Do these emotional actresses ever shed real tears?" asked Mrs. Grouch. between acts.

"Sure," replied Mr. Grouch. "Every now and then they hit a bum town and get a peak at the box office receipts."—Cincinnati Enquirer.

Old Times In New York.

In 1788 New York city maintained an official who would whip a servant either free or slave, for the master, charging a shilling for the job. Petty thieves were branded for life with a "T" on the cheek. Mrs. Johanna Young and another woman convicted of grand larceny were driven all over the city in an open cart, then stripped to the waist and given thirty-nine lashes apiece in public and then banished, "whereupon," says the record, "they went to Philadelphia."

SADDLE MAKING IN MEXICO.

Entire Families Often Take Part in the Home Industry.

The making of saddles, while in the aggregate an important local Mexican industry, is purely a home affair, the artisans for the most part working independently in their own homes and often pressing the entire family into service. The manager of the largest wholesale and retail dealers in saddler in Mexico City says that all the saddles which they handle are made locally at home by hand, and he estimates that more than 100 families in the city are similarly employed.

Many of these handmade saddles are handsomely carved and most creditable in appearance, although the leather as a rule is far inferior to that used in American saddles. It is the practice of retailers to furnish the trees, leather and fittings of all kinds to the workmen and pay them for their actual labor. The labor is the cheapest item entering into saddle construction, many entire families being satisfied with a wage of 50 cents to $1 American currency per day.

The saddletrees used for the better grade of saddle are imported from the state of Colima, the cheaper grade of saddles using a tree of local make. No American saddles or saddletrees are carried in stock by local merchants, but are ordered from time to time according to the specifications of the individual purchaser.—Trade and Consular Reports.

NATIONAL LEAGUE

After defeating the W. & J. college team at Washington Tuesday by a score of 12 to 1 in the presence of nearly 2000 enthusiastic fans, the Pittsburg Pirates will open a series of games with St. Louis at Forbes Field today. The game at Washington with the college team was a good one and although the college lads at first showed symptoms of stage fright, they responded nobly to the previous coaching of Frank McHale and made a good showing against their professional opponents.

"MORMONISM" TO BE SUBJECT FOR THE YEARS STUDY

The Young Ladies Circle of the Washington Avenue Presbyterian church had a pleasant meeting last evening at the home of Miss Ethel Kendrick. The committee on programs for the coming year presented their report, which was adopted. The study book for the circle will be "Mormonism, the Islam of America," by Bruce Kinney. The discussion of the first chapter in the book was taken up by Miss Marguerite Whitlatch, assisted by the Misses Ruth Shutt, Estelle Boudoux and Hazel Williamson. A report of the Missionary conference which was recently held in Pittsburg was given by Miss Emma Clutter. A social hour closed the evening

RATE REDUCED ON ELECTRICITY BY WEST PENN

In marked contrast to the Greensboro Gas company, which has served notice that next month its rate to consumers will be increased the West Penn Electric company announces another reduction in rates. About a year ago this company made a marked reduction in its residential rate, and this year it announces another reduction to take effect June 1.

This reduction is made in order to accommodate those who desire to use electric irons, cooking devices and other household appliances. The reduced rate is one-half of the standard residential lighting rate, which will be five cents net per kilowatt hour. In other words, after June 1, all who desire to use additional current will only be charged half the rate for the excess of the primary consumption per month which they now pay.

This rate is optional with consumers, who will not be called upon to adopt it unless they so desire. The company makes this offer in view of the near completion of its large water power plants, which will greatly enhance its capacity.

SCHOOL INSTITUTE TO BE SEPTEMBER EVENT

Partial Arfangements Completed for Tri-District Affair

INSTRUCTORS NAMED

Secretary of Institute Committee to Employ Noted School Men of State

Preparations have been started for holding a tri-district school institute in Charleroi the first week of September. At a meeting of Superintendents Thomas L. Pollock of Charleroi, R. G. Dean of Monongahela and Edward Reed of Donora, held in Monongahela Tuesday evening plans for the affair were gone over. The three schools are to combine efforts to make the institute an event of unusual significance All the school boards have not acted officially in favor of the institute as yet but committees from each composing a committee of the whole has been working hand in hand with the superintendents, so that official action will be more or less of a form.

An excellent list of instructors has been suggested and the secretary of the superintendents' organization, R. G. Dean, has been instructed to write to them and employ them They were named with the understanding that they could come.

Of the list are Mrs. Van Stone Harris, primary teacher in the Pittsburg schools, Mrs. Carmalt of the University of Pittsburg; Miss Mary G. Noss of the California Normal; Robert Armstrong and Prof. Colestock of Bucknell University, and J George Becht, secretary of the State Board of Education.

The institute will be held at the new school building providing the structure is in shape by the first of September. If it is not finished other provisions will have to be made.

At least 150 teachers will be brought to Charleroi by the institute It is not a part of the present plan to have any evening entertainments, and there will be only one evening meeting during the week. Next year perhaps after the intsitute has become a fixed institution evening features may be added.

The superintendents have organized themselves into a body to be known as "Tri-District Institute," with Prof Thomas L. Pollock of Charleroi president, Prof. R. G. Dean of Monongahela, secretary and Prof. Reed, treasurer The committee of superintendents consists of Joseph Herron of Monongahela, president; J. M. Hill of Charleroi, secretary; H. J. Booth and Dr F. C. Stahlman, Charleroi; Dr. W. H. Cowan and Prof Reed, Donora and Dr. H. T. Graves, Monongahela.

Police Lock Up Ten Wearies the List Including Some Strangers

Even the most experienced and the tiredest of the Weary Willie class likes baseball, it seems and that is said to be the reason why this morning a count of noses revealed the presence of ten of this generality in the borough bastile. There were home-grown varieties and non-domestics. All had picturesques growths of spinach in various states of cultivation on various styles of chin From the general appearance vegetables could have been grown on any part of the surface of skin or clothing It is told that the bewhiskered gentry from anywhere or nowhere came in to witness the training of the Indianapolis champs. The locals, however, were on their regular jingle when they were captured.

FIRST GAME BY INDIANAPOLIS TEAM TODAY

Toady Manager Bill Phillips has his Indianapolis Federals engaged in a regular and yanigan game at the ball ground, as a part of training tactics. This is the first game that has been started since the team began training.

This morning after the grounds had been scraped and put in good shape, the team was set to the hardest kind of work. The bases were occupied, outer gardeners were stationed at their usual places. Pitchers exchanged places in the box and with a catcher behind the bat, batting practice was engaged in. Phillips directed the work from the umpire's position behind the pitcher. The first man to work in the pitcher's box was Ben Taylor, the ex-Indianapolis Association tosser. Reis was next on the firing line and dished up good ones. Batters were exercised on hitting to the outfield and on bunting, and attention was given to place hits.

From the form shown at the bat this morning it rather looks as though Phillips was going to have a heavy hitting club. Fielders have produced the goods in practice so that an evenly balanced team is the result. His pitching corps is complete and then some. Beebe, Reis, Taylor Billard and Bair will probably be five of those retained. Alcock is showing fine form at third base Last year he played with Canton in the Central league having been let out by the Indianapolis American Association club after a month's work.

New Order is Active.

Magic City Conclave No. 1135, Improved Order Heptasophs, meets in Labor Temple tomorrow night. A class of 20 candidates will be admitted and action taken upon a local relief fund, degree team and baseball team.

Four Reel Feature, Palace Theatre tonight. Double program of 6 Reels.

EXPECT BIG CROWD FOR BENEFIT GAME

Indianapolis - Federals and Charleroi Independents to Play Tomorrow Afternoon for Charleroi Playgrounds

Since they were put on sale the first part of thi sweek there has been a constant demand for tickets to the baseball game to be played tomorrow afternoon between the Indianapolis Federals and the Charlroi Independents. Not only in Charleroi but in surrounding towns are people anxious to witness the attraction, the indications being that there will be a big crowd on hands.

Both Manager Mathers of the Charleroi Independents and Manager Bill Phillips of the Indianapolis team will present their strongest lineups. The Independents will have their regular team on the field. The game will be considerable of a test of strength for the Indepondents, as well as for the Indianapolis lads.

The struggle will begin at 4 o'clock. This will give the Indianapolis men a chance to get in most of their regular afternoon's training work. J. W. Mathias will likely be the umpire.

All the funds secured from the benefit attraction will be devoted to the playgrounds It is probable that other benefits will be held this summer. The intention is to operate the playgrounds on a similar scale to that of last year.

For tomorrow's game the following probable lineups have been furnished by the two managers:

Indianapolis—Massing, catcher Reiss or Taylor, pitcher; Themyer, first base, Vandagraft, second base; Scott, short stop; Alcock, third base; outfielders, Miller, Brown, Kaiser, Beswick.

Charleroi—Guder, or Friese, catchers; Ryan, Briggs, or Price, pitchers; Kuhn, shortstop; Wilson, first base; Urben, second base; Roll, third base; Carroll, left field; Mathers, middle field; Miller or Guder right field

HOUSE PASSES LAST BIG REFORM BILLS

Corrupt Practices Act and Non-Partisian Ballot Go Through--Senate Still Remains Reactionary

Harrisburg, April 30—Practically without opposition the corrupt practices and the non-partisan ballot bills passed the house on third reading These are the last of the progressive measures pledged by all parties, and the house has kept faith with the people in redeeming the pledges of the parties they represent The bills are now passed up to the senate, which is holding up all the other progressive bills in an effort to subvert the will of the people.

All the election laws bills designed to prevent corruption and bossism are now with the senate. These are the state-wide primaries act, the bill abolishing the assistance of voters except where actual physical disability is shown, and a series of measures increasing the penalties for ballot-box stuffing, falsifying returns and other crimes against the ballot.

The senate, however, is doing what it can, apparently, to hold these bills off, as by their passage it will be virtually impossible to continue machine control of the politics of the state. Instead of reporting these bills out, Senator McNichol of Philadelphia has reported out some bills of the machine type, which are designed to restore boss control One of these is an amendment to the present primary law, which will enable a voter to have a ballot handed out to him to take outside and mark or have the ward heeler mark it for him.

Under the present secret manner of voting at the primary the political boss cannot deliver the goods, and the so-called envelope system of McNichol's bill is designed to restore the machine control whereby voters can be lined up and their ballots marked for them at the polls. It is a most flagrant attempt to revert to the political corruption that prevailed before the uniform primary law was passed.

The final hearing upon the public utilities commission bill took place before the senate committee, Tuesday night. Mayor Magee of Pittsburg and a delegation appeared and filed objections against certain provisions of the bill, claiming it favored the corporations rather than the people. A hot debate followed, and it is probable that amendments may be made before the bills finally passed. Representatives of several corporations were also present.

The bill to compel saloons to close on Christmas. Memorial Day and Thanksgiving was defeated in the house.

Motion Picture Men Secure Pictures of School--Take Firemen Tonight

Harry Louttit and R Taylor, composing the Monongahela Film Manufacturing Co, of Monongahela are here today taking moving pictures to be used by the Hatch Carnival company in their show to be held a week beginning May 12 at North Charleroi.

The most important picture taken this morning was at the Ninth street school, where the children were taken as they marched from the building.

This afternoon at 5 o'clock the Charleroi Volunteer Fire Department with Chief J. M. Fleming at the head will go through some of their fire drills and moving pictures will be taken of them All who line up along the scene of the drill are likely to get taken in the pictures.

Now is the time to start your children in piano study. Summer term opens May 1. Phone 109-A or drop a postal and I will call. Howard S. Mills, Lock No. 4, Pa. 257-tfp

BODIES BURIED TODAY

Last of Mine Victims Funerals Occur at Monongahela

TWO NOT IDENTIFIED

All bodies of victims of the Cincinnati mine explosion have been removed from the Bedout and Lone morgue at Monongahela and this morning the last funerals were held All but two of the 96 bodies recovered had been identified, but there were three of the identified ones that were not claimed. With the two unidentified, they were interred this morning at Monongahela.

Nothing definite is to be learned as to the date of the coroner's inquest but there is a belief that it will be held on next Monday The Eagles' Hall at Monongahela, the largest in the city has been hired for the occasion and the inquest will be public A member of the coroner's jury said this morning that all who knew anything at all of the disaster or the causes leading up to it were wanted to testify A large number of witnesses names have been secured.

Twelve foreigners and one negro said to have been in the mine at the time of the explosion are unaccounted for. It is expected that their bodies will be recovered under falls or in abandoned entries. H. T. Holmes of Finleyville is the colored man claimed to be missing.

The names of five missing foreigners were given the coroner. They are: George D. Dorcesrf, Joseph F. Tentunrklossy, John Taczkamuclo, Farmarto Buncemso and Martin Orler all of Courtney The other seven are known, but their names have not been handed to the coroner.

A movement has been started at Monongahela to secure a Carnegie Hero medal for Charles Crall, who succeeded in keeping alive Philip Legler. Crall and Legler were the two men who were rescued after 52 hours alive.

Inspections of the mine are said not to be ended. Coroner Heffran's party went through Tuesday and it was the intention of the same number to enter again today.

PALACE HAS FINE FOUR REEL FEATURE

"On the Steps of the Throne," is an extraordinary four-reel feature that will be presented at the Palace Theatre tonight. It is produced by the European Feature Film corporation, the same people that produced "The Prisoner of Zenda." It tells a dramatic story of an intrugue with a kingdom for a prize. Like "The Prisoner of Zenda," the scenes aer laid in any one a number of the small kingdoms of Europe, where political intrigue figures continually. A regent of the kingdom plots to have the prince marry his daughter, and thus place himself in virtual power of the government. The prince loves a beautiful princess of an adjoining kingdom and a plot to remove the prince and substitute a double all but succeeds. There are some most thrilling situations, and the prince finally escapes and foils the conspirators. Vaudeville opens at the Coyle tomorrow

SEVERAL BITTEN BY DOG

Tremont and Bell Vernon People Tell Tale of Maddog

FINALLY KILL ANIMAL

What is claimed to have been a mad dog terrorized the vicinity of the Tremont mines and Belle Vernon this morning Before it had finally been killed by William Krepps, a conductor of the Webster, Monessen, Belle Vernon and Fayette City Electric Street Railways line, it had bitten several people.

The first notice was taken of the dog when it appeared along the road at Tremont, a small mining hamlet. It snapped at several children and it is asserted nipped the flesh of some, then trotted on towards Belle Vernon. At Belle Vernon the dog hurried through streets snapping at whoever got in its path.

The animal passed down the street car line to the farm of Jonn Irons, where a Belle Vernon policeman crippled it Krepps got off his car and with a switch iron killed the maddened canine The head of the dog was severed and will be sent away for an examination.

PENSION BILL FOR MOTHERS MADE LAW

Governor Tener has approved the Sheatz bill, providing for county systems of mothers' pensions under the administration of a commission of from five to seven women to be named by the Governor for each county desiring to avail itself of the provisions of the law The trustees are to investigate all cases and may recommend payment to any abandoned mother or widow who is unable to maintain her children at home.

Payments are to be made monthly and the combined minimum payment shall not exceed $14 per month for one child, $20 a month for two children, $25 per month for three children and $5 per month for three children and $5 per month for each additional child. The bill carries an appropriation of $200,000 to be apportioned among counties according to population.

WEDDING ENDS A THREE-DAY COURTSHIP

The three-day courtship of Miss Nora Honecker of St. Clairsville, O., and Frank Ferdericks, who was employed as an engineer at the Charleroi Coal mine, was ended on Monday by marriage. Fredericks was employed at St. Clairsville. Miss Honecker and another girl of her acquaintance on a sight-seeing trip wandered to the mine opening where Fredericks was working. He asked them to move away from the vicinity where he was working. Within a few hours he was introduced to the girl. The wedding followed.

WHO RULES?

In the face of the growing dissatisfaction with our representative form of government, a striking example of its weakness is presented by the action of the state senate at Harrisburg. There a controlling faction of the senate, which was presumably elected to carry out the will of the people, is doing what it can to subvert that will The senate indicates by its action that it knows better what the people ought to have than they do themselves. As a matter of fact the senate is endeavoring to uphold special privileges which certain interests enjoy at the expense of the people.

This action of the senate most effectually explodes the theory that the people rule by electing representatives to carry out their desires in the legislatures and in congress. This is the stock argument of the reactionaries in opposition to a change of constitution that will give the people more direct rule in the government which concerns them vitally. These tories say that it is the people's fault if men are elected who do not carry out the wil lof the people This is not true, as all the senators elected last fall were pledged by their respective parties and some of them personally in writing to vote for certain progressive measures, yet some of them went square back on these pledges and party obligations They betrayed both party and constituents. With no recall they are definant, and say to the public, in effect, thatt hey propose to ignore all representative obligations and only serve special and personal interests.

It is most forcibly demonstrated that the people do not and cannot rule under the present state constitution. While the senate can subvert the popular will at the present time, it is only hastening the day when a new constitution will give the people direct rule with the power to recall recreant employes We do not need a senate in the law making machinery of the commonwealth.

THE NEW RELIGION.

Just as orthodox religion teaches us that our soul's salvation is worth infinitely more than worldy riches, so is the new social code of ethics telling that human life and well being must supersede vested interests and special privilege. The great social movement that government is for the people and not the people for the government and that the welfare of the people is a primary and not a secondary consideration, is on, and is sweeping the civilized world.

This was most forcibly demonstrated in Belgium recently when 500,000 working men ceased work and refused to return until granted the manhood suffrage they demanded, and which special privileges and vested interests denied them. Their action stopped the wheels of industry and clearly demonstrated that they were "the state," and not the governmental machinery. This shows that the people can get whatever they want, and that special privilege, which has long dominated every form of government, must give way to the welfare of the masses. The old order is changing and the new religion of humanity is being rapidly installed where it hitherto had no place.

MONONGAHELA COUPLE WEDDED AT CUMBERLAND

Frederick C. Wilson, foreman at the Republican office at Monongahela and Miss Blanche Hobaugh, an employe of the same office, quietly departed for Cumberland, Mdd, where they were married shortly after noon Tuesday. The marriage came as a complete surprise and the first hint of a romance came when the young people failed to report for work. Inquiry brought word of the Maryland trip. Mr. Wilson is a son of Mr. and Mrs. James Wilson, of Anton street, Monongahela, while [illegible]

Mrs. John Hobaugh of the First ward Mr. and Mrs. Wilson will return to live with the bridegroom's parents.

PICKED UP IN PASSING

J Stanley Roberts, advance agent of the J. Frank Hatch Shows, which will open for a weeks' engagement at North Charleroi May 12, who was in town the fore part of the week, stated that the organization of a wild west outfit is beset with innumerable difficulties. One of the most difficult propositions is the employment of Indiana from the reservations of the west, as these are wards of the government and many yards of red tape have to be unwound at the national capital before these necessary adjuncts can be secured.

"We had a man in Washington six weeks before he completed arrangements whereby we could secure the services of 18 real Indians from off reservations in North Dakota and near the Canadian border," said Mr. Stanley. "Our company is obliged to give heavy bonds to the government [illegible] and to pay their carfare and expenses back to their home, no matter where we may be when the show disbands for the season.

"We have some agents now on the way from the west with a carload of Indian ponies, and we hope a buffalo or two, for our wild west outfit. The Hatch Shows are not conducted on the old carnival lines, but travels entirely on its merits as a legitimate attraction The management does not permit any questionable or suggestive features that appeal to the baser instincts, but conducts everything as cleanly as a first-class circus. It pays the show business, like everything else, to be clean morally and respectable, and to cate, to the best people."

Speaking of the new feature, that of making moving picture films of local subjects where they exhibit Mr. Stanley said:

"This is an entirely new feature with traveling shows, and is an experiment We tried it at Pittsburg where we opened, and it was an unqualified success. People do like to see themselves in a moving picture We pay our operator, the man who takes the pictures for the films, $100 a week He was at work today taking views of the streets and various business places After the negatives are taken they are sent away and developed into films. We expect to have 1,100 feet of Charleroi and North Charleroi films, which cost 30 cents a foot to produce The pictures of the Charleroi fire department will be taken at 5 o'clock tonight, and any persons who line up along the walk are likely to see themselves in moving pictures."

WEST PENN MAKES ANOTHER REDUCTION IN RATES

New Residential Rate--Schedule C

Becomes Effective June 1, 1913

In order to afford opportunity to its consumers to use electric irons, electrical cooking devices and other applances, at reduced expenses, the company offers, in view of near completion of its large water power plants, to supply such amount of increase of curren as may be required by such apparatus at one half of the standard residential lighting rate, viz:—five cents net per kilawatt hour.

The primary portion of the monthly consumption to which theregular charge of ten cents (10c) net per kilowatt shall apply is to be determined as follows:

HOUSES:

5 rooms or under, 10 KW. Hrs. primary consumption per month
6 rooms or under, 12 KW. Hrs. primary consumption per month
7 rooms or under, 15 KW. Hrs. primary consumption per month
8 rooms or under, 17 KW Hrs. primary consumption per month
9 rooms or under, 20 KW. Hrs. primary consumption per month
10 rooms or under, 25 KW. Hrs. primary consumption per month
11 rooms or under, 30 KW. Hrs. primary consumption per month
12 rooms or under, 35 KW, Hrs. primary consumption per month
13 rooms or under, 40 KW. Hrs. primary consumption per month
14 rooms or under, 45 KW. Hrs. primary consumption per month
15 rooms or under, 55 KW. Hrs. primary consumption per month

For each room in excess of 15 the primary portion is to be increased at the rate of 4 kilowatt hours per room.

For additional current, one-half price (five cents net per kilowatt hour) for all current above the primary consumption.

The number of rooms specified will be as rated by real estate classification, to which will be added the hallway (bath-room ,cellars and porches excluded.)

This rate is optional and the consumers will not be called upon to adopt it unless they find it to their advantage to do so. This rate will be effective for present consumers, desiring to make the change, at regular meter reading periods only.

Our solicitors will gladly explain the features of this schedule on request.

Recovered From Severe Lung Trouble

While we all know that plenty of fresh air and good food are necessary to persons suffering from lung trouble, something more is needed to bring about full health. Eckman's Alterative is a medicine for throat and lung troubles, and so many reports have been received showing that it brought about good results in a number of cases which were declared hopeless, that all sufferers who are not benefiting otherwise, should, at least investigate what it has done for others. It may be the means of restoring you to health. Investigate this case:—

Madison Lake, Minn.

"Gentlemen: In December, 1908, and March, 1909, I was taken with hemorrhages of the lungs, which confined me several weeks each time to my bed. These left me very weak and I coughed at nights and could not sleep. My appetite also failed me. My doctor advised me to go West. So, in September, 1909, I planned to go, but I had four more hemorrhages, which put me in bed for three weeks.

"In November I started for Denver, Col. After my arrival, I met Michael Brody, who, upon learning of my condition, urged me to take Eckman's Alterative. In about two months, I began to feel better. I kept on taking the medicine and improved fast. In March, 1910, I returned home. I think I am entirely well, have a good appetite and sleep well. When I left Denver my weight was 130 pounds. I now weigh 165, my normal weight. I thank God and your Alterative for my health. If I can help any other person suffering from Tuberculosis, I will gladly do so."

(Sworn affidavit) PAUL L. FASNACHT.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

"TIGRIS" TO BE SHOWN AT COYLE THEATRE

What is said to be the greatest detective play ever written will be shown at the Coyle Theatre tonight. This is the four-part mystery spectacle of "Tigris," a master cracksman, who has a double nature, and is at once an upright citizen and darter a desperate and daring criminal. There are daring crimes, desperate fights and hairbreadth escapes. One of the most marvelous scenes is what a detective fancies he sees after being drugged dwith wine. Tomorrow the Coyle presents "Bedford's Hope," in three parts and on Friday "The Black Chancellor," in three parts.

Old Times In New York.

In 1789 New York city maintained an official who would whip a servant, either free or slave, for the master, charging a shilling for the job. Petty thieves were branded for life with a "T" on the cheek. Mrs. Johanna Young and another woman convicted of grand larceny were driven all over the city in an open cart, then stripped to the waist and given thirty-nine lashes apiece in public and then banished, "whereupon," says the record, "they went to Philadelphia."

SADDLE MAKING IN MEXICO.

Entire Families Often Take Part in the Home Industry.

The making of saddles, while in the aggregate an important local Mexican industry, is purely a home affair, the artisans for the most part working independently in their own homes and often pressing the entire family into service. The manager of the largest wholesale and retail dealers in saddler in Mexico City says that all the saddles which they handle are made locally at home by hand, and he estimates that more than 100 families in the city are similarly employed.

Many of these handmade saddles are handsomely carved and most creditable in appearance, although the leather as a rule is far inferior to that used in American saddles. It is the practice of retailers to furnish the trees, leather and fittings of all kinds to the workmen and pay them for their actual labor. The labor is the cheapest item entering into saddle construction, many entire families being satisfied with a wage of 50 cents to $1 American currency per day.

The saddletrees used for the better grade of saddle are imported from the state of Colima, the cheaper grade of saddles using a tree of local make. No American saddles or saddletrees are carried in stock by local merchants, but are ordered from time to time according to the specifications of the individual purchaser.—Trade and Consular Reports.

RATE REDUCED ON ELECTRICITY BY WEST PENN

In marked contrast to the Greensboro Gas company, which has served notice that next month its rate to consumers will be increased the West Penn Electric company announces another reduction in rates. About a year ago this company made a marked reduction in its residential rate, and this year it announces another reduction to take effect June 1.

This reduction is made in order to accommodate those who desire to use electric irons, cooking devices and other household appliances. The reduced rate is one-half of the standard residential lighting rate, which will be five cents net per kilowatt hour. In other words, after June 1, all who desire to use additional current will only be charged half the rate for the excess of the primary consumption per month which they now pay.

This rate is optional with consumers, who will not be called upon to adopt it unless they so desire. The company makes this offer in view of the near completion of its large water power plants, which will greatly enhance its capacity.
